

March 3, 2008

Dear AppTec Client:

As Chairman and CEO of WuXi PharmaTech, it is my pleasure to inform you that we have completed the acquisition of AppTec Laboratory Services, Inc.

To reflect the combination of WuXi PharmaTech and AppTec services, effective immediately, AppTec Laboratory Services, Inc. has been renamed WuXi AppTec, Inc.

Over the next few months we will be changing our business and marketing materials to incorporate the new company name and logo, and our expanded service offerings from both U.S.-based and China-based locations.

What will not change is our commitment to providing our valued clients with the same excellent, reliable service that has built AppTec's reputation in the industry. The three facilities – in St. Paul, Philadelphia and Atlanta – remain at their existing street addresses, phone and fax numbers. Your sales, service, and support contacts remain unchanged. However, in the coming weeks, we will be gradually and seamlessly transitioning to a new website URL (www.wuxiapptec.com) and email addresses (@wuxiapptec.com).

I would also like to take this opportunity to introduce you to our Chief Operating Officer, Edward Hu, who is leading the transition/integration efforts and will be based in Philadelphia.

We would appreciate your bringing the “WuXi AppTec, Inc.” name change to the attention of others in your company as you deem appropriate. If you have any questions or need further information, please contact us at: info@wuxiapptec.com.

With the combination of AppTec and WuXi PharmaTech, our company now has an expanded geographic footprint, greater support and resources worldwide, and a broader and deeper scope of services.

Our mission is to transform the global outsourcing model for biologics, drugs, medical devices and other regulated medical products. And our aim remains to be your provider of choice.

On behalf of everyone at WuXi PharmaTech / WuXi AppTec, I offer our sincere appreciation for your continued trust in our company. We look forward to working together with you in the years to come.

Sincerely,

Dr. Ge Li
Chairman and CEO
WuXi Pharma Tech (Cayman) Inc.
